CITY AND COUNTY OFFICIAL PAPER

One postmaster in this country has
held his position sixty-eight years.
Truth compels us to say that he is an
Ohio man.

Phoenix has a new summer drink
which "looks like beer, tastes like
beer and smells like beer." Does it
not like beer?

Arizona is not begging this year for
a position as a producer. She stands
third in copper, and built more miles
of railroad than any other State or
Territory.—Gazette.

The miners of the west generally
protest vigorously against the course
pursued by the Associated Press in
persistently quoting lead at 20 to 25
cents lower than the actual market
price. This is supposed to be in the
interest of the smelters.

"For three years we have never
been without Chamberlain's Colic,
Cholera and Diarrhoea Remedy in the
house," says A. H. Pater, with E. C.
Atkins & Co., Indianapolis, Ind., and
his wife would as soon think of being
without flour as a bottle of this Remedy
in the summer season. We have
used it with all three of our children
and it has never failed to cure—not
simply stop pain, but cure absolutely.
For sale by all dealers in Tombstone
and Bisbee.

NOTICE FOR PUBLICATION

MINERAL SURVEY

NO 1249 A & B

MINING APPLICATION

NO. 657.

PEARCE GROUP.

Mining Application No. 657.

UNITED STATES LAND OFFICE
Tucson, Arizona,
August 9, 1897.

Notice is hereby given that
THE COMMON WEALTH MINING AND
MILLING COMPANY

a corporation duly organized and existing by
virtue of the laws of the Territory of Arizona,
by its attorney in fact, William H. Herring,
whose postoffice address is Tucson, Pima
county, Arizona, has filed its application for a
patent for the Pearce Group of Mining claims,
comprising the following, to wit:

1300 linear feet of the Ocean Wave lode, and
600 feet in width.

1300 linear feet of the Silver Wave lode, and
600 feet in width.

1300 linear feet of the One and All lode, and
600 feet in width.

1300 linear feet of the North Bell lode, and
600 feet in width.

1300 linear feet of the Silver Crown lode, and
600 feet in width.

Said lodes bearing silver and gold; the Ocean
Wave lode which is one thousand and
forty-two feet and twelve one hundredths of a
foot in length and two hundred and nine feet
in width, the One and All lode, which is one
thousand and forty-two feet and twelve one
hundredths of a foot in length and two hundred
and nine feet in width.

Said lodes and said mill-site are situated on
the unsurveyed portions of the United States
public lands in the Turquoise Mining district,
in the county of Cochise, in the Territory of
Arizona, and are designated by the official field
note serial official map file in this office as
Survey No. 1249 A & B, being described as fol-
lows:

OCEAN WAVE LODE.

Beginning at Corner No. 1, identical with
Corner No. 1 of the location, and with Corner
No. 1 of Silver Wave lode, a pine post 4.6 feet long,
